Mike Zohab – Grant Manager  
Angela Weight – Recovery Coordinator  
Patrick Wessells – Treatment Coordinator

## Partners

DOC VDH VCU DCJS  
CSBs FQHCs VARR  
OMNI Institute

# SOR REACH 2018 - 2021

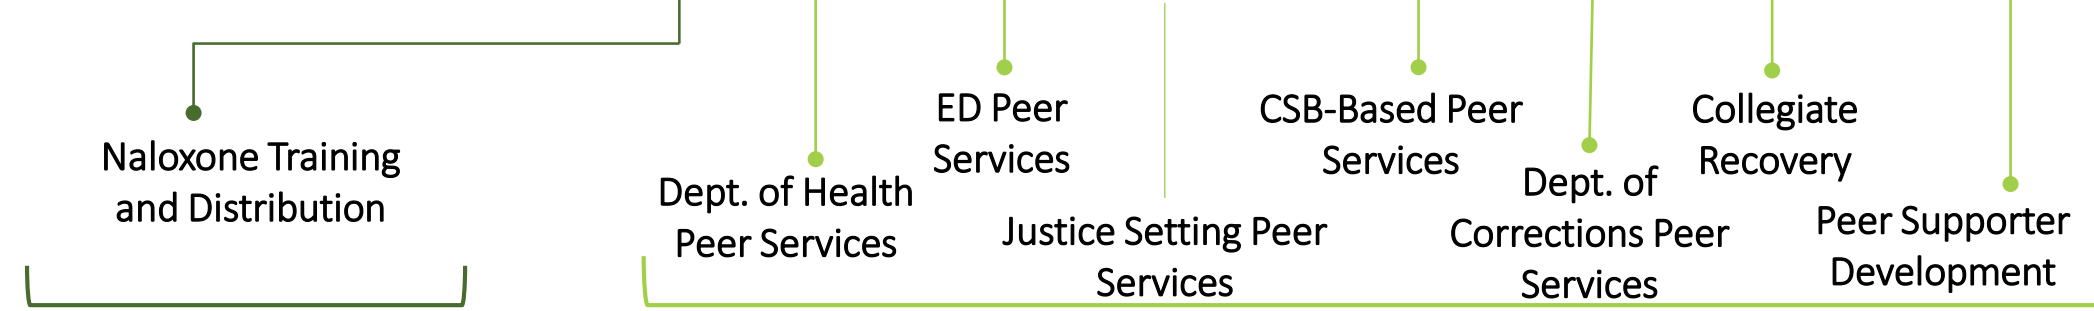

Approximately **69,840** individuals have received SOR-funded treatment and/or recovery services.

SOR helped to quadruple the number of minorities receiving SUD services in Virginia.

SOR funds more SUD peer positions than any other funding source.

SOR funded Virginia's first mobile MAT vehicle.

SOR was instrumental in developing Virginia's recovery housing certification standards.

# PEER SUPPORT SERVICES

Year 3 of SOR funding  
provided recovery-focused  
support to  
**37,845** individuals.

CSBs – FQHCs – VDH – DOC – CARITAS – VARR – RCOs – Hospital EDs –  
Collegiate Recovery – Harm Reduction – Jails/Drug Courts

# PEER SUPPORT SERVICES

95% of individuals working with a peer supporter found it **helpful with their recovery.**

**Community  
Outreach**  
to  
1,561  
individuals

**Warmline  
Support**  
to  
1,708  
individuals

**Individual  
Support**  
to  
3,162  
individuals

**Group Support**  
to  
1,337  
individuals

\*CSB Quarterly Averages

# SOR TREATMENT SERVICES

Year 3 of SOR funding provided  
SUD treatment services to

**6,488** individuals, through 37  
CSBs, 4 DOC facilities and 19 jails.

Medication Assisted Treatment, Group Therapy, Individual Therapy, Social Work, Case Management, Nursing, Primary Care and Dental Referrals

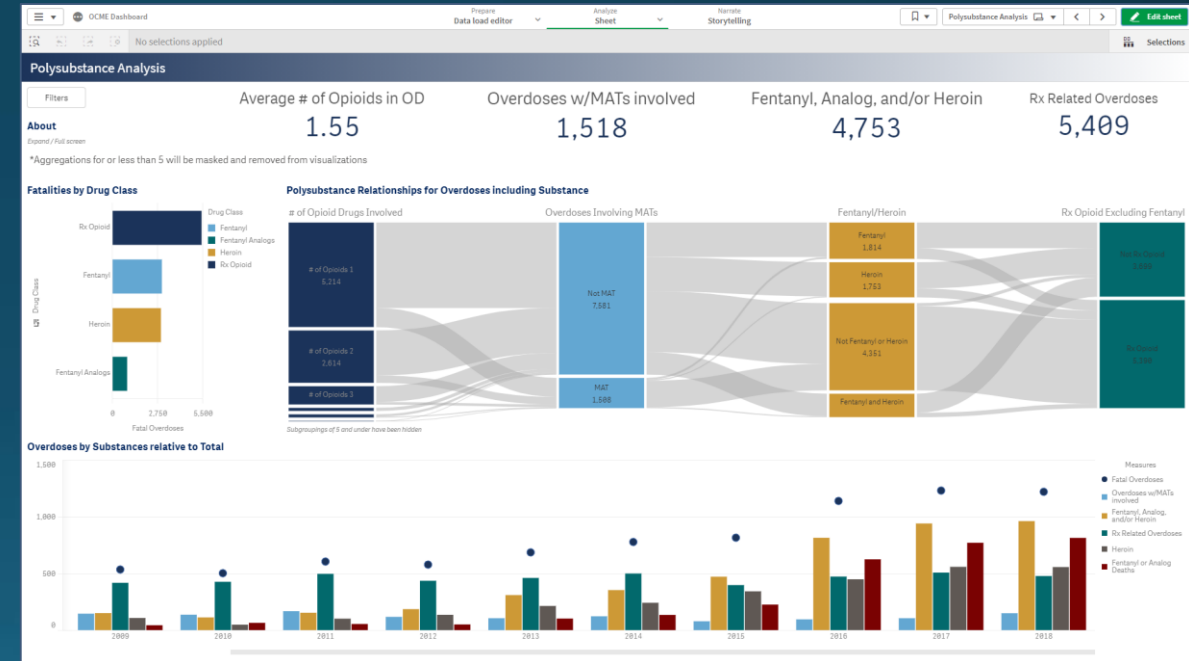

# DEPARTMENT OF CORRECTIONS

- PRS initiative supported 18 peers who facilitated 39 ongoing groups serving 136 participants across Virginia.
- Four DOC facilities offered MAT services using SOR funds.
- Three graduation ceremonies for participants who have completed the program and are completely free of monitoring.

# FRAMEWORK FOR ADDICTION ANALYSIS AND COMMUNITY TRANSFORMATION (FAACT)

- Partnership between DCJS and DBHDS
- One place to access previously siloed data across agencies and systems
- Data from Department of Forensics Services, Office of the Chief Medical Examiner, Emergency Medical Services Census Bureau and more
- Encourages stakeholders to use data to address substance use issues in their communities
- 250+ custom reports delivered monthly

# VIRGINIA ASSOCIATION OF RECOVERY RESIDENCES (VARR)

- 23 certified organizations
- 83 certified residences and 2 apartment/dorm buildings for 85 total
- 952 certified beds with another 100+ in certification process
- Served 3,808 (estimated) individuals in 2021
- First Advanced Recovery Management System (ARMS) platform pilot in US
- Data partnership with Chesterfield County Jail (HARP Program)
- Awarded \$10 million by VA legislature for indigent beds, expansion in rural areas and promoting minority ownership and mentorship.
- Bed disbursement for minorities has doubled (from 20% to 40%)
- VARR member bed capacity has grown 100% each year.

# REVIVE!

SOR funds have enabled more than 10,000 individuals to learn to reverse an opioid overdose and save a life.

		Year 1	Year 2	Year 3	Total
	Trainings held:	71	249	508	828
	People trained:	1,140	3,115	6,117	10,372

# COLLEGIATE RECOVERY COMMUNITIES

## 2020-2021

- 8 universities
- 584 student members
- 1,053 one-on-ones
- 859 recovery meetings

# ONGOING PROJECTS

- Expansion of comprehensive harm reduction programs
- Increase mobile MAT units covering rural Virginia
- Transportation programs for treatment providers
- Development of family support partner positions in CSBs
- Expansion of funding to private MAT providers in vulnerable areas
- Expansion of peer services and MAT bridge programs in Virginia
- Site Visit Form – developed by SOR Team, adopted throughout DBHDS
- BARC-10 recovery data pilot program
- In-person site visits and extensive technical assistance to every subgrantee each year

Q&A

# THE FUTURE

SOR II ends September 30, 2022

Currently working on the SOR III application
